

# WER'09: 12<sup>th</sup> Workshop on Requirements Engineering

## July 16-17, 2009 – Valparaíso, Chile

<http://www.labada.inf.utfsm.cl/wer/>

### Call for Papers

WER'09 is the twelfth edition of the Workshop on Requirements Engineering series. The workshop started as a meeting of the Ibero-American requirements engineering community, and by now it attracts researchers from all continents.

WER'09 will be held in Valparaiso, Chile, in July 16-17.

### SUBMISSION INFORMATION

WER'09 invites submissions of high quality unpublished papers describing novel research and/or industrial experiences in the field of Requirements Engineering. Topics of interest include, but are not restricted to:

- Requirements elicitation, analysis, documentation, and V&V
- Requirements specification languages, methods, processes, and tools
- Requirements management, traceability, and viewpoints
- Requirements prioritization, and negotiation
- Modeling of requirements, goals, and domains
- Non-functional requirements
- Requirements engineering and software architecture
- Aspect-oriented requirements engineering
- Requirements for OTS-based systems
- Requirements for the agent-oriented paradigm
- Requirements for product lines
- Requirements engineering case studies and experiences
- Social, cultural, and cognitive factors in requirements engineering
- Aligning requirements to business goals and processes
- Requirements engineering education and training

Papers must not exceed 12 pages including figures, author's information, abstract, and bibliography. They should be submitted through the website, using [IEEE CS Press Proceedings](#) (two columns) format as a PDF file. Papers may be in English, Portuguese, or Spanish but English is preferred. During the event, participants MUST present their work in English.

All papers of WER series are indexed by DBLP and can be found at:

<http://wer.inf.puc-rio.br/WERpapers/>.

### REVIEW AND PUBLICATION

Submitted papers will be reviewed by at least three members from the WER'09 program committee. Papers will be accepted based on originality and relevance to the workshop. Accepted papers will be published in a book with ISBN number and online in the WERpapers site (<http://wer.inf.puc-rio.br/WERpapers>). At least one author of each paper should register and participate at the workshop.

Authors of the best papers written in English will be invited to submit extended version of their papers, which will be further peer-reviewed for potential inclusion in special issues of the Journal of Theoretical and Applied electronic Commerce Research <http://www.jtaer.com/> (JTAER) which is indexed by SciElo and other Latin American indices.
